Dear Neighbour,

The area shown above currently belongs to the MMBW and is zoned Proposed Public Open Space.

The Board has confirmed its intention to rezone, subdivide, and sell this land for residential development.

At a recent meeting a committee of residents was formed called the Blackburn Creek Conservation Group.

It was agreed that the purpose of this group would be to maintain and conserve the area in its present state and oppose any proposed development.

Negotiations over the past 5 years regarding the purchase of the land surplus to the Board's requirements, has resulted in the Council purchasing only the 0.51 ha adjoining Kalang Reserve.

However, the Committee considers it is immaterial which body ultimately owns the land - the MMBW or the Nunawading Council.

The Committee is vitally concerned that any further development of the area allowed by either body :-

- (I) WOULD BE A MISTAKE - THE EFFECTS OF WHICH COULD NOT BE REVERSED
- (II) RESULT IN A UNIQUE AREA WHICH PROVIDES A BREATHING SPACE FOR LOCAL RESIDENTS AND A HAVEN FOR MANY BIRDS AND ANIMALS BEING DESTROYED

Indicate your concern and interest by attending a local meeting of residents on -
